

Bench drilling machine**SPEEDMAX****NEW**

Precision drilling machine with very high concentricity for drillings starting from 0.2 mm. Because of the stepless adjustment of spindle rpm this machine is optimally suited for precision engineering and electronics.

Standard capacity	0.2 - 4.0 mm
Spindle	ER 11

Spindle travel	55 mm
Spindle to column	215 mm
Spindle to base	60 - 345 mm
Table surface	280 x 475 mm
Total height	780 mm
Weight	51 kg
Motor	0.75 kW
Mains connection	230 V/50-60 Hz

SPEEDMAX	M00042
Infinitely variable spindle speed	700 - 24,000 rpm
Delivery class	I
Package class	3 parts
